ASK EXTENSION OF ARMISTICE

ENVOYS TO MEET IN TREVES TO CONSIDER PLANS TO GRANT HUNS AN EXTENSION.

Washington Warns Central Powers to Address all Communications to the Allies—Polish-American Divisions to Occupy Provinces of Posen and Silesia.

Vienna.—Count Czernin, former Austro-Hungarian Minister, declared that Austria in 1917 made desperate efforts to withdraw from the war, even to the extent of offering Germany the empire's richest coal and oil province, Galicia, if Germany would surrender Alsace-Lorraine.

Count Czernin added that Austria's efforts always were defeated by either General von Ludendorff, the German Chief Quartermaster General, or other high German officials, who even went to the extent of asserting that they were willing to declare war on Austria if Austria made a separate peace.

Berlin.—Mathias Erzberger, head of the German armistice delegation, announced that the French Government has requested the German army command to designate plenipotentiaries to confer regarding the prolongation of the armistice. The delegates will meet in Treves, Rhinish

Prussia.—Polish-American divisions, according to a well informed source, says the Warsaw correspondent of the Weser Zeitung, have embarked at Havre for Danzig, in West Prussia, with the intention of occupying the provinces of Posen and Silesia. The headquarters of the Polish-American troops, according to this information, will be at the town of Posen.

Washington.—Notes were sent to Berlin and Vienna by the State Department advising the German and Austrian Governments that the United States desires to receive no further communications from them which properly should be addressed to all the allied nations.

A note of similar purport previously had been dispatched to the German Government as the result of requests that the armistice terms be modified.

It was explained at the department that the notes sent through the Swiss and Swedish legations resulted particularly from a communication from the National Council of Lemburg, regarding boundary lines, and also by notes from Austria and Germany, which bore no evidence of having been similarly communicated to the governments associated with the United States.

The note from the National Council of Lemburg indicated that the state of Lemburg desires to establish itself as an independent community, and said the action of the Ukrainians and the Poles was regarded by the people of Lemburg with suspicion.
